The Premium is paid in Cash annually, or may, if desired, be paid semi-annually, or quarterly, by adding interest to the deferred payments. The CASH principle adopted by this Company, secures to the parties for whose protection insurance may be effected, the WHOLE of the benefits, without subjecting them to the heavy drawback of accumulated premium notes.
Persons may effect insurance upon their lives, or upon the lives of others. Married women can insure the lives of their husbands, for their own benefit and for the protection of their children.
Pamphlets explanatory of the principles of Life Insurance, and illustrative of its advantages, may be had, with form of application, and rates of premium, at the office of the Company, No. 35 Wall street, or from any of its Agents.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2500 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. IMPORTANT TO THE PUBLIC!
THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:
"PLANING MACHINES.
"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.
I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.
JAMES G. WILSON,
May 19, 1849. Philadelphia."
I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as will be convenient for such a trial.
JOSEPH P. WOODBURY,
August 20, 1851.-dly East Boston, Mass.

JOHN DWIGHT & CO'S
SODA SALÆRATUS
MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 42 East water-st.
The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.
Also may be found, John Dwight & Co.'s
Washing & Cleansing Powders,
which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other Iron works leaving the iron perfectly dry, and not liable to rust.
Directions for use are printed on each package.

WOULD call the attention of the Public, (and his old Friends and Customers in particular,) to his large and extensive stock of
Wines, Liquors & Cigars,
Purchased by himself in the City of New York, within the last month, FOR CASH, at prices from 25 to 33 per cent less than formerly paid through partners, and I can assure my customers that the Liquors that I now offer, have not passed through second hands on the way, I saw all my goods sealed for shipping, and turned out of the CUSTOM HOUSE; therefore, I can say with confidence, that my Liquors are PURE.
I have marked my Goods very low, and have therefore adopted the

and no deviation from the price first asked; giving those who are not judges of the article, an equal chance with those that are. Every cask will be marked with the price. My arrangements are now completed for the importation of my Fall Stock, when I shall be able to fill orders to New York on still more favorable terms than formerly.
Having been many years in business in this city, I flatter myself that my selections will meet the wants of this market. My assortment of CHOICE SEGARS are complete and my stock of LIQUORS comprises over 1000 original Casks of the most approved brands of

Election Notice.

IN pursuance of a resolution of the Common Council of the City of Milwaukee, authorizing an election for the adoption or rejection of the New City Charter, recently submitted by a City Convention, and published in the Daily Sentinel; notice is hereby given that a Special Election, for that purpose, will be holden on Monday, the 2d of February next, from the hour of ten in the forenoon, to the hour of four, in the afternoon of said day. The ballots to have written or printed thereon, the words "For the Charter," or "Against the Charter." The Aldermen of the various Wards, acting as Inspectors of such election, which will be held at the following places, viz:

1st Ward	Military Hall.
2d Ward	Mansion House.
3d Ward	Engine House, No. 2.
4th Ward	Menomonee House.
5th Ward	Rochester House.

Milwaukee, January 23, 1852.
ALFRED JOHNSON, City Clerk.

☞ All the daily papers of the city will please insert until day. jan23td

ELECTION TO-DAY!

The New Charter is to be submitted to the People *to-day*, the polls in all the Wards opening at *ten* o'clock in the morning and closing at *four* in the afternoon. The qualifications for voters are the same as at our Annual Charter Elections viz. a year's residence in the City, and Citizenship, or declaration of intentions. The ballots must bear the words "For the Charter," or "Against the Charter."

The question is of sufficient moment to call out a *full vote* and spirited exertions. If all who are interested in the establishment of a good City Government here, and who are anxious to promote the welfare and elevate the credit of Milwaukee, will but prove their faith by their works *to-day*, by devoting an hour or two to the indispensable business of the election, the Charter will be adopted by a large majority. We have already expressed our conviction that it *ought* to be adopted, and our hope that it *will* be, and we have only to repeat this morning the earnest invocation to *all* our readers, to go to the Polls *without fail* and vote FOR THE NEW CHARTER.

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Jan. 29, 1852.

Among the various comments upon matters and things hereabouts, made by the press of our State, I notice that the *Commercial* of our city, has arrived at the sage conclusion, and expressed it, that Mr. Shafter makes a very incompetent Speaker. The brilliancy of the idea is quite equal to many other scintillations from that quarter. No man, of any party, in the Legislative body, over which Mr. Shafter presides, holds any such opinion. He is universally esteemed a prompt, efficient, impartial officer, and in every respect, indeed, precisely the opposite of "incompetent."

This morning, after the reading of the Journal, Col. Botkin arose and asked the privilege of an explanation relative to some words let fall yesterday, in discussing the propriety of granting the use of the Hall to the pupils of the Institution for the Blind. Doc't Hoyt had complained that, on the evening of the Concert of the Sacred Music Society, he was unable to get into the Hall to procure papers from his desk, without paying a *quarter* at the door. Col. Botkin, in rejoinder, said that if the gentleman from St. Croix was troubled about the quarter, he had no doubt the Society would refund on application to them.—To this Dr. Hoyt replied with some tartness. So the matter rested, there being no particular apprehension of any personal collision between the gentlemen involved. This morning they had an explanation, satisfied each other, that everything said yesterday, was said "in a Pickwickian sense," smoothed their ruffled feathers, and the House then proceeded to the orders of the day.

Mr. Graham has introduced a bill for the incorporation of the Young Men's Association of Milwaukee, and it has had its second reading.

The House took action relative to the series of resolutions of sympathy with Smith O'Brien and the other Irish Exiles, which have been returned by the Governor with objections to forwarding them. Mr. Sholes introduced a resolution, stating that, in the opinion of the House, the objections of the Governor were well taken, and fully justified him in returning them without his signature. This resolution was passed without a dissenting voice. Col Botkin introduced a couple of joint resolutions, very brief, and coming directly to the point, asking the President of the U. S. to interpose, in behalf of the Exiles named, with the British Government, in order that they may be permitted to return to their homes, or emigrate to this country. This passed unanimously.

The Committee on State affairs reported back the Message covering the extraordinary communication from Ex-Gov. Dewey, with a recommendation that it be referred to a select Committee.

The bill to amend the Charter of the Rock River U. V. Railroad Co., came up this morning, and several motions to amend were met with that singularly combative spirit which has at various times exhibited itself in relation to this road.—One of the proposed amendments is to allow the Company to extend to Willow River, St. Croix County. Several members, from different parts of the State have expressed, the opinion that the Company has no idea of building a road in that direction, but that they wish to get a grant of lands through that region, and to dispose of their rights to the grant for cash or means to build their present chartered line. An amendment proposed by Mr. Cain, to grant to all other chartered Companies the same right of extension, brought down upon his head the wrath of Col. Botkin, who indulged in some very unnecessary reflections upon the standing of the Milwaukee and Mississippi Railroad, as affecting its right to ask for such privilege of extension. If we do not have to-morrow another reconciliation scene, it will be because the Col's somewhat dictatorial manner and sharp flings rebounded from the head at which they were aimed without doing any particular damage. It does seem strange that members cannot exercise sufficient charity towards each other to suppose that the motives with which they rise to offer amendments to bills are good. In this particular case, I could see no particular necessity of bringing the merits of either the Milwaukee & Mississippi R. R. Co., or the R. R. U. V. R. R. Co., into the discussion. True it is, that there have been many things about the former, as to its management, unfortunate, and calculated to injure its reputation, and delay its progress; yet it has built and equipped, and has running, some 35 miles of road; and is going forward, beyond peradventure, without any grants of land. And true it is that a commencement has been made upon the latter road, and its whole route surveyed; but beyond this, all is involved in doubt and uncertainty. Immense stories have been afloat of millions loaned in England for its use, but it is now *known*, that *not one dollar* was obtained of that *eleven million loan* so much talked of: and this new move is intended to raise the wind some other way. It is also *known* that Robert J. Walker has failed in getting the loan *he* went for.

Now, I do not state these things to exult over any disappointment which any company has suffered. By no means. I know of no interest which I, or any friend of mine has, which is likely to be injured by the completion of the north and south line of road. I do think, however, that if any hard work is to be done for a grant of lands north of the Wisconsin River, any company which proposes to run a road from any point on the Mississippi to any point on Lake Michigan, within the State of Wisconsin, should be favored above and have precedence over a company, which proposes to make the whole centre and west of our State tributary to Illinois and Chicago.

I have a host of memoranda, which I intended to fill out for your particular benefit and that of our readers, but unfortunately my attention has been called to Mr. Graham's portentous bank bill, just printed, containing some 40 pages, and my head has become so completely befogged by studying its 1st section, that I am entirely unfitted for any other business for the day, if not for a week. I intended to send a synopsis of the bill, ble—if I may coin a word to suit the case. Here follows the 1st section, *verbatim*, if my stout pen does not give way before accomplishing the thing:

"No person or persons shall put in circulation as money in this State, originally before or after the same shall have been redeemed or paid, any bank bill paper or other material intended for circulation as money, payable or redeemable to any extent, or in any manner within this State, except the precious metals, until such person or persons shall be incorporated a bank in pursuance of the provisions of this act."

It also provides that no bank bills shall be put in circulation by banks incorporated under the act, which shall not be received under its provisions and *those of the precious metals*—at all events it reads so. It is a "precious" document, and will have to be referred to its originator for explanation. Such a weary set of members as were those who labored over it this afternoon, it has never been my lot to see. I am not sure that an action would not lie against the man who drafted the bill, for fogging the members so as to unfit them for business.

If I retain a copy in my desk I shall not be able to write two consecutive sensible sentences during the winter, so I send it to you in the hope that somebody may find out, what it means.

W. H. W.

P. S.—I have barely time to send, without comment, a copy of charges preferred to-day in Senate, against the Supreme Court, by E. G. Ryan, Esq. Of course they ought to have been sent to the House:

To the Senate of the State of Wisconsin:

I prefer to the Legislature of this State, the following charges against the Supreme Court of this State:

1st—I charge that the Supreme Court has gen- but it can't be done! it is absolutely unsynopsi- erally, and, as I believe, uniformly, since the passage of Section 21 of Chapter 87 of the Revised Statutes, disregarded and disobeyed the provisions of that section; and that the Circuit Judges, with the sanction of the Supreme Court, have taken part in the decision by the Supreme Court of cases and matters determined by them respectively in the circuit courts, when there was a quorum of the Supreme Court without them respectively, against the letter and policy of the law, and to the prejudice of the due administration of justice.

2d—I charge that the Supreme Court has frequently, since the passage of Section 9 of Chapter 82 of the Revised Statutes, disregarded and disobeyed the provisions of that section; and has frequently failed and neglected to give its decisions or cases in writing, to be filed with the other papers in such cases, to the prejudice of the due administration of justice, the uncertainty of judicial rules, and the inconvenience of suitors.

3d—I charge that the Supreme Court did, at its June term, 1851, after due application had been made thereto for an alternative writ of mandamus, and after such alternative writ of mandamus had been duly allowed, issued and returned, give judgment refusing to grant a peremptory writ of mandamus to compel one of the Circuit Judges to erase from a decretal order made by such Circuit Judge without authority of law, after said decretal order had been duly signed by said Circuit Judge, and after a certified copy thereof had been obtained from such Circuit Court, by the party in whose favor such decretal order was made, and after the dismissal of the suit in which such decretal order had been made, and after the party who had obtained the same had left such circuit court, and the county in which it was held, without the knowledge or consent of such party, and without giving any notice to such party; and that the Supreme Court did, afterwards, at its December term, 1851, mutilate the record of such proceeding for a mandamus, by ordering and causing to be stricken from the files thereof, the original affidavit upon which said alternative writ of mandamus was founded and issued, and which was the foundation of the whole proceeding, and an essential part of such record, to the prejudice and scandal of the due administration of justice.

4th. I charge that the Supreme Court did at its December term, 1851, refuse adequate time for the hearing of important causes pending therein, while the court generally neglected to meet for a considerable time after the hours appointed for the meeting thereof, in violation of the Constitutional right of suitors to be heard, and to the prejudice of the due administration of justice.

5th. I charge that the Supreme Court did, at its December term 1851, permit Wiram Knowlton, Esq, without authority of law, to sit upon the Bench of the Court and to take part in the decision of causes therein to the prejudice of the due administration of Justice.

I submit these charges to the Legislature as charges which I believe I can establish in proof, if the opportunity be afforded to me. I refrain from making charges which I cannot thus answer.

I submit that the public interest requires a full examination into the action of the Supreme Court, and such constitutional action of the Legislature as justice may require.

I submit these charges against the Supreme Court as an organized body of the State Government without implicating or exonerating individual members of the Court, because the acts charged were done by the Court, as an organized body, and because the power and authority of such discrimination are with the Legislature and not with me.

And I request a speedy examination of these charges by the Legislature.

Respectfully submitted.
E. G. RYAN.
Milwaukee, Jan. 27th, 1852.

ORPHAN ASYLUM CONCERT.—The two Musical Societies of our city are engaged in a generous rivalry in the effort to contribute to the success of the Grand Concert announced for to-morrow evening, at Young's New Hall, for the benefit of the Orphan Asylum. Both Societies will come out in full force on the occasion, and, as may readily be inferred from the Programme, the Concert promises to be one of the best ever given in Milwaukee. What with the inducements thus held out, the very moderate price of tickets, the attractions of the New Hall and the excellent object of the Concert, there will no doubt be a very large audience in attendance.

THE WHIG ALMANAC.—We are indebted to the publishers, Messrs. GREELEY & MCELRATH of the N. Y. *Tribune*, for a copy of the Whig Almanac for 1852. It contains 64 pages, crammed full of precisely the sort of information that every politician, most business men and many general readers desire to have at their fingers' ends. It is printed in very neat style, and though abundantly worth a quarter, is, or will be for sale, at the Bookstores, for *one shilling*. Any man who has a shilling to spare cannot put it to better use than to purchase a copy of the "Whig Almanac."

AFFRAY.—A serious affray occurred, on Saturday morning, in the store recently occupied by TRUE & HOYT, East Water Street, growing out of an attempt, by one party, to dispossess the other, forcibly, of the premises. In the course of the fracas Mr. TRUE was shot in the back, by a revolver; the ball entering near the edge of the right shoulder blade, and coming out at the top of the shoulder. The wound, tho' severe, is not a dangerous one. It is claimed that the discharge of the pistol was accidental, and as the matter will doubtless undergo a judicial investigation, we refrain from further details.

ANOTHER ROUTE FROM ALBANY TO NEW YORK.—The Haerlem Rail Road, connecting with the Albany and Boston road, was opened through from Albany to New York on the 20th instant.—The papers speak of the new route as having no superior in the United States, in point of construction and equipage. With the Haerlem and Hudson River Railroads, and the magnificent steamers on the river itself, travellers, next season, will find the transit from Albany to New York, cheap, speedy and pleasant enough.

CHARGES AGAINST THE SUPREME COURT.—Our Madison letter contains a copy of the charges, preferred by Mr. E. G. RYAN, of this city, against the Supreme Court. They will no doubt receive due consideration at the hands of the Legislature. We think the objection to Judge KNOWLTON's sitting on the Supreme Court bench, well taken, and have always considered the act of the Legislature, creating the Sixth Circuit, not only ill-advised and uncalled-for, but a violation of the spirit, if not the letter of the Constitution.

EFFECTS OF THE MAINE LIQUOR LAW.—The Mayor of Portland, Me., has made a report upon the operations of the new liquor law, in that city. He says that the streets of Portland are perfectly quiet, and that an open rum shop is not known in the city. The House of Correction is entirely empty, and the number receiving assistance, at the Alms House and out, materially reduced. The Mayor is sanguine of the ultimate and complete triumph of the law.

A BANK BILL.—We are indebted to Mr. W. W. GRAHAM, and to other friends at Madison, for copies of the Bank Bill introduced by him in the Assembly. We have not yet had time to read it.

THE ASSEMBLY AND THE "VETO."—The following are the resolutions, *unanimously* adopted by the Assembly, on Thursday last, approving of the Governor's course, in returning, with his objections, the first series of resolutions passed, in regard to the Irish Exiles, and substituting plain and unobjectionable ones in the stead:

Resolved, by the Senate and Assembly of the State of Wisconsin, That the objections of the Governor, as stated in his Message to the House, to the joint resolutions of the Legislature with reference to the Irish Exiles, are well founded, and fully justify his action in the premises.

Resolved, That the President of the United States be, and he is hereby respectfully requested to use his influence with the Government of Great Britain, to have Smith O'Brien, John Mitchell, Francis Meagher, and their associates in exile, released from their confinement, and allowed to return to their homes, or to emigrate to this country.

Resolved, That the Governor of this State be requested to forward a copy of these Resolutions to the President of the United States, immediately.

FARE TO CALIFORNIA.—The following, we believe, are the present rates of fare from New York to San Francisco, by the two routes:

	Panama.	*Nicaragua.*
In the first Cabin,	$265	$350
Second Cabin,	215	250
Steerage,	150	180

Including provisions while at sea. By the Panama route passengers pay their own transportation and expenses from Chagres to Panama—$25 to $40. By the Nicaragua route they only find their provisions while crossing—$10 to $15. Ten cubic feet, or 150lbs. of baggage, allowed each passenger.

The Steamers leave New York, as often as once a fortnight, and as the Spring advances, we presume the frequency of the trips will be increased. The rush of Emigration is greater now than ever, and berths have to be engaged months ahead.

GOVERNOR DODGE.—The Chicago *Democrat*, which seems to take especial interest in our Wisconsin politics and politicians, copies a "Comprehensive biography" of Governor DODGE, from the St. Louis *Union*, and adds to it the following comments:

But for the untiring exertions of the Wisconsin delegation, at the last Baltimore Convention, Gov. Dodge would have been nominated for President(!) Had he been nominated, he would certainly have been elected. In 1848, Wisconsin elected, as in 1852, Cass men, disguised as Dodge men. Its delegates in 1848 went as they will in 1852 *to prevent the nomination of Gen. Dodge*. Mark our prediction! Before the next Baltimore Convention is over, whenever their votes will nominate Gen Cass, the entire Wisconsin delegation will vote for him. Now, there is no harm in a prediction. At any rate, we will risk it.

☞ The San Francisco *Herald* contains the following paragraph relative to George M. Lockwood, of Brookfield, Waukesha County, who was killed in the streets of that city, in December last, by the accidental falling of some bricks from the roof of Messrs. BARRET & SHERWOOD's store:

LIBERAL.—On the person of George M. Lockwood, who was killed by the falling of the stovepipe, on Clay street, a day or two since, there was found $56 in coin, and four ounces and a half of gold dust. By a letter to Justice Shepherd, from Messrs. Barret & Sherwood, we learn that that firm have generously resolved to make the sum up to $300, to be remitted by the next steamer to the bereaved wife of the unfortunate man.

SPEAKER SHAFTER.—The Madison *Statesman* thus notices and replies to the sagacious opinion expressed by the *Commercial's* Madison Correspondent, relative to the "inefficiency" of the Speaker:

The above attack on the Speaker, Mr. Shafter, is founded either in envy, or malice, and without a basis in fact. Mr. Shafter is a gentleman of superior qualifications, urbanity of manners, and dignity of person. The business of the house is as speedily dispatched as it correctly could be, and we take pleasure in stating that Mr. Shafter stands as fair in the opinion of the Assembly as any member in it; and he has, so far as we learn, met the expectation of all, as a superior officer.

DANIEL WEBSTER.—The Providence "Journal" is responsible for the following anecdote. True or not, it will pass:

When Mr. Webster was on a Western tour, a schoolmaster from the vicinity of Buffalo was presented to him. Clasping him warmly by the hand, the pedagogue said: "I am delighted to make your acquaintance; I have used your spelling book in my school more than twenty years." Mr. Webster bowed low, in his stateliest manner, "Sir, you do me too much honor. I am not the author of the book."

MUSICAL SOCIETY CONCERT.—In spite of the storm, Friday evening, the Concert of the Musical Society was well attended, and the different pieces announced in the programme, were executed with that rare taste, skill and precision which characterize the productions of this admirable association. We understand that the Orchestra and chorus of the Society will be present, in full force, at the Concert to be given to-morrow evening, in Young's New Hall, in aid of the Orphan Asylum.

A RAILROAD ON THE ICE.—The Philadelphia *Ledger* says the Philadelphia and Baltimore Railway Company have accomplished the novel undertaking of laying a railroad track upon the ice on the Susquehannah, and that the cars pass directly across the river, without any detention. This is the first railroad construction upon such a foundation that has probably ever been made. The road will require some watching, to prevent the loss of rails by any sudden breaking up of the ice on the river by the freshet.

OLD FASHIONED WEATHER.—An old fashioned North Easter set in here, Friday afternoon, and when we went to press Saturday night, was still abiding with us. The wind blew, at times, with great violence, and the rain fell fast and steadily, intermingled with showers of sleet and drifts of snow, the latter gradually predominating. The streets, Saturday, were a perfect *slush*, and the walking such as to put to the proof the best water-tight boots.

AUCTION SALES.—Our friend Wall, who keeps busy in spite of the "hard times," has a large Auction Sale in the U. S. Block, at ten o'clock this morning.

To-morrow he will sell, on the premises, the stock of Groceries and Liquors in the store recently occupied by TRUE & HOYT.

TEMPERANCE MEETING.—The friends of Temperance hold an adjourned meeting at the Free Congregational Church on Main-st., at half-past 7 o'clock, this evening, when the subject of petitioning the Legislature, for the enactment of the "Maine Liquor Law" will be taken up and discussed.

COMMON COUNCIL.—No quorum of the Council Friday evening; the severe storm disposing everybody to keep within doors. An adjournment was moved and carried to 2½ P. M., Tuesday, to-morrow.

☞ The storm of Saturday obstructed both the Telegraphs and the roads, so that we had neither reports, nor mail Saturday evening. Rather dry pickings for news, in consequence.

GETTING ON!—Congress has been in session six weeks, and has passed one law and three resolutions!

The Legislature.

The Legislature is working steadily in to the mass of business it was convened to dispose of. The local legislation of the State usually gets started first, leaving the more important general acts to work in at intervals—and by occasional references to committees, members get time to breathe. A bank bill forty pages long, has appeared in the Assembly, and will cost a week or two in each House to insure digestion. The apportionment bill will, doubtless, prove an ugly customer.—And, then, there are divers other important matters which make less noise, but are of really greater consequence, to pass the ordeal of lynx-eyed legislators. The session is going to be a long one, and to appearances will stretch out three months, at least. On the whole, the disposition for buncombe does not equal former sessions.—Members find something ready to occupy their attention. Legislation on the slavery question has lost the charm of novelty; and it is pretty generally conceded that the Union is safe. The license law is likely to be modified, and it is hoped that common sense and cold water will both be respected, and an enactment framed which will survive its first year. In short, it is our deliberate opinion that not over half of the existing laws of the state will be altered or repealed—a large advance on former legislation—and that the other half, having already been rendered incomprehensible, will not be disturbed.—*Madison Argus*.

Ice in the Mississippi.

Cairo, Jan. 23.

The Mississippi is gorged half a mile above Cairo. The Ohio is full of heavy floating ice, and falling rapidly. Weather moderating.

A fire broke out in the Miller House, at Cairo, last Monday morning, and burned a large portion of the town to ashes. Among other buildings the Post Office, Rail Road House, European House, Cairo Chapel, J. J. Rutter's residence and B. S. Harrell's store and residence. Total loss—forty thousand dollars; of which B. S. Harrell sustained 18 thousand.

We have received advices from Rio Grande to 16th inst. The Brownsville American Flag says that Carvajal has received reinforcements, and contemplates another attack on Matamoros. Gen. Avelos has 2,600 men to oppose him.

The weather in Texas has been intensely cold and many cattle have been destroyed.

The Indians of Western Texas have commenced depredations on the property of citizens.

End of the Christiana "Treason."

Lancaster, Pa. Jan. 23.

The bills preferred against the Christiana prisoners for murder and riot, were returned this morning by the grand jury. No bills—*all the prisoners were discharged.*

New York, Jan. 23,

A fire occurred this morning on Fulton-st. which destroyed property worth $120,000.

Mr. Fillmore withdrawn from the Course.

Washington, Jan. 21.

The friends of President Fillmore had their final meeting last evening, and it was determined that he shall decline being a candidate for reelection, but let things take their course.

It is said that Mr. Clay approves of this course, and that Mr. Webster's friends express the deepest disappointment.

The American Colonization Society celebrated its Anniversary yesterday, and was addressed by Mr. Webster and Mr. Stanton of Tennessee.

Mr. Webster said he never doubted the practicability and utility of the objects of the Association. He contemplated with amazement, the dark ways of Providence in permitting the emigration of the Africans to this country for selfish and avaricious ends. They were now about to go back and carry with them the light of knowledge, freedom and religion, to the home of their ancestors. He said that emigration is the prominent idea of the age—that a million and a half had emigrated from Ireland to this country, greatly to Ireland's benefit. The emigration of blacks from this country to Africa, was equally practicable, especially if encouraged by the Government. It was destined to produce the greatest good. The separation of the two races, he urged, was indispensable to the elevation of the black. It would greatly promote the happiness of the blacks, and would not diminish that of the Whites.

The thermometer stood yesterday at sunrise, 4 below zero. The weather moderated towards evening. To-day, it is not so cold. The communication in every direction is interrupted and the mails delayed.

Dreadful Steamboat Disaster—Vessel Lost at Sea

New York, Jan. 26.

The news of the destruction by fire of the West India Royal mail steamer, Amazon, a brief announcement of which was received by the steamer Arctic, is fully confirmed.

The Amazon, under the command of Capt Simmons, sailed from Southampton with mails and passengers on the 2nd inst. When two days out, about 155 miles south of West Scilly Islands, was discovered to be on fire: the flames burst out at an early hour on the morning of the 4th, and twenty minutes after, so rapidly did the flames spread, the ship was completely gutted. She subsequently burned to the water's edge and immediately sunk.

By this horrible disaster 41 of the cabin, and 89 of the emigrant passengers, with several of the officers and crew, are known to have perished.

Capt. Simmons, and his four chief officers, the surgeon, and Elliot Warburton, the celebrated author of the "Crescent and the Cross," were among the sufferers.

Many of the passengers, from the appalling rapidity with which the flames spread, were either burned or suffocated in their berths.

As soon as every effort to subdue the flames had failed, the boats were attempted to be launched, but owing to the consternation which prevailed on all sides, a desperate rush was made for them and before they were well got into the water, they were swamped alongside the steamer, and every soul in them lost.

Other boats were successfully launched, and thus 5 passengers and 3[illegible] seamen succeeded in escaping from the burning wreck.

They were shortly picked up, One party by a British and the other by a Dutch vessel, and safely landed at Plymouth and Brest.—The Amazon, was a magnificent boat and very richly freighted. The loss is immense. The fire's origin is a mystery.

The day previous to the departure of the steamer America, intelligence had reached Liverpool of the total loss of the N. Y. ship Columbia, Capt. Curran on the 7th inst. Two cabin and three steerage passengers, with eight of the crew perished. Capt. Curran, his officers, and a number of the passengers and crew succeded in reaching the shore.

Arrival of the Empire City.

New Orleans, Jan. 2.

The Empire City arrived this morning with 300 passengers and $35,000 gold dust.

The weather is the coldest ever known being only 19 degrees above zero.

New York, Jan. 23.

The severity of the weather continues, and our rivers are completely blocked up with ice, so that at certain times of the tide foot passengers cross between Brooklyn and New York.

Washington, Jan. 22.

The most astounding and conclusive evidence has been received at the State Department from the American Minister in Mexico, that the notorious Gardner claim was an absolute fraud. All the books and vouchers of $500,000 were forgeries. The case comes up in a few days in court, when the Government will ask a postponement, to bring witnesses from Mexico.

A deputation of Irishmen arrived to-day, to memorialize the President to appeal for the release of Smith O'Brien and his associates.

Dr. Chasly presented a memorial with 15,000 signatures, and spoke in favor of the same cause, referring to the case of Kossuth as a case in point.

The President said the Government could not interfere, as it would be infringing upon our national policy of non-intervention. Should the Government apply, and be indignantly refused for example's sake, there would be no remedy. He would act officially in reference to American prisoners held by other nations, but this was not such a case.

The government had not intervened even for the liberation of Lafayette while in prison at Olmutz, nor was the case of Kossuth similar to this. He was a subject of Austria, and our government applied to Turkey where he was a prisoner. The President, however, promised to do all he could, and personally to meet the prayer of the petitioners.

Darcy McGee then presented a similar memorial with 5000 signatures. The President briefly replied that while he could not deviate from our national policy, his feelings were as warm for O'Brien and associates as were those of the gentleman.

New York, Jan. 22.

Mr. David A. Neal, who went to Europe with Mr. Walker, for the Illinois Central R. R. Co., returned in the Arctic. He has not succeeded in the object of his mission, but has left the negotiation in a much more favorable position than when he went. Rothschilds & Sons have taken the agency.

Washington, Jan. 23.

The correspondence between our Minister to France and the State Department, in regard to the French Revolution, was transmitted to the Senate yesterday.

Mr. Rives' letter gives an account of the effect of the *coup d' etat* together with his reason for abstaining from appearing at Louis Napoleon's levees. He states that the French had submitted the question of his policy for the approval or rejection of the people, and he, Mr Rives, deemed it prudent to wait for their decision, prior to recognizing a power which had risen in violence.

Secretary Webster's letter gives an outline of the course pursued, from the time of Washington to the present day. The Secretary advised the Minister to remain on terms of amity with the present government.

The bill making Land Warrants assignable, passed the Senate yesterday.

It was decided to take up Mr. Foote's compromise resolutions to-day.

In the House, Judge Bailey, chairman of the Committee of Ways and Means, entered into a long explanation with regard to the debt due Mexico and manner of paying the same. Duff. Green and his son came in for a share of Mr. Bailey's disapprobation, and they, in turn, were defended by Messrs. Grey, of Ky., and Johnson of Tenn., the latter of whom was particularly severe upon the conduct of Secretary Webster and his coadjutors.

PHILADELPHIA, January 23.

The Kossuth and Long correspondence is published to-day both in New York and here. It completely exonerates Kossuth from all blame, and shows the opposition he met with from the first, not to say the tyranny of Captain Long, and the terrible fright and unmanly indiscretion into which the demonstrations at Marseilles, in honor of Kossuth, threw Mr. Consul Hodge. Captain Long himself is forced to endorse the correctness of Kossuth's every act; and while petty annoyances drove Kossuth from the Mississippi, the letters show that it was with deep regret to all on board, excepting two or three individuals.

From Panama.

The steamer Golden Gate will leave in a day or two, and we presume will carry off from 11 to 12 hundred passengers. The multitude coming this way increase every week in number, and by the 15th of January, we expect there will be as many persons awaiting passage here, as now are. Sailing vessels are at a high premium—and so is beef and pork and other ship stores.

FOR CALIFORNIA.—The crowd of emigrants to California still pours in upon us, and every vessel, as soon as she is put up, fills immediately with passengers. On yesterday morning, at 10 o'clock, the bills of the schooner Comet, were put up in the street, and before one o'clock, every ticket on her was sold, by her agents, Messrs. Corwine, Bro. & Co.

This morning by 8 o'clock, Messrs. Whitt and Mertens, put up the brig Eliza Taylor, and she is now full! The E. T. is one of the finest passenger vessels, trading to this port. She made the run down from bay to bay, in twenty-six days, beating the Screw Monopoly's steamer Republic, which has not yet arrived.—*Panama Star*, Dec. 26th.

From Central America.

San Juan de Nicaragua, (or Greytown,) Dec. 18, 1851.

The steamship Alabama is here, waiting for passengers.

The market here is overstocked with provisions and goods of all kinds.

December, 30

Vanderbilt's two little river boats have just arrived, loaded with passengers; also, several "bungo" loads—in all, I suppose, about five hundred men and women. They speak more favorably of the route than I expected. The Castillo rapids, near Lake Nicaragua, are but trifling. The Machuca rapids, from all that I can learn, can be, with a little labor, made passable, the prevailing opinion being that they are artificial.

PITTSBURGH, January 23.

Kossuth and suit arrived last night in sleighs from Blairsville. He is quite ill. Arrangements are made for a grand reception, but there is an uncertainty when it will come off. A large number of citizens, and several members of the press, waited at Williamsburg, seven miles from the city, and acted as an escort.

A committee of the Legislature accompanied Kossuth from Harrisburg; he will remain one week; the festival will probably take place on Tuesday. The enthusiasm is great and much material aid is promised him.

Melancholy Casualty.

PHILADELPHIA, Jan. 22.

Last evening, a little girl, aged about 4 years was accidentally shot by her father. The whole charge entered her neck, and crying "papa," she fell lifeless at her mother's feet.

Baltimore, Jan. 21.

The steamer Cambridge. heretofore reported aground at the mouth of the Rappahannoc, got up to-day, and reports the ship Flora in the ice off Poplar Island with 300 emigrants on board, and only one day's provisions.

The steamer Mary Washington was cut through by the ice run ashore at Annapolis to prevent her sinking.

The ice in the Rappahannoc is in some places from 10 to 20 feet high.

We have no mails South of Washington.

Philadelphia, Jan. 21.

The steamship City of Manchester, from Liverpool attempted to come up but had to return to the break water, the ice having blocked the river.

☞ THE "LONDON EXAMINER," speaking of Cassagnac's account of the arrest of the French Assembly on the night of Napoleon's *coup d'etat*, says:

"It is impossible not to smile at the account of the capture of M. Thiers, found 'reposing behind scarlet damask curtains lined with white muslin, and with a white night-cap drawn over his eyes. M. Thiers comported himself on this trying occasion like Jean Ben St. Andre in Canning's *Anti-Jacobin*. He argued the matter with the officer.

Quoted Wickfort and Puffendorf and Grotius,
And proved from Vattel
Most exceedingly well
Such a deed would be quite atrocious.

'Twould have moved a Christian's bowels
To have heard the doubts he stated,
But the huissier did
As he was bid
And captured him while he prated.

NOT BAD.—The Boston Post gives the following as having been read at a festival in Taunton, when prizes were given for the best puns presented:

The Kossuth-Hat—(A domestic scene.)
Enter husband, with one of Gilbert's new hats on—gun and newspaper, spouting Kossuth's last speech. Enter wife with a broom.
Wife, [angrily] Why will you wear that horrid hat?
[It looks too bad to mention!]
And flourish round that rusty gun.—
And talk of intervention?
Husband, [meekly] Betsey, my dear, don't worry so!
Control your rising passion!
Why sport the gun and new chapeau?
Kossuthing [Cos shooting] is the fashion!

THE DRY DIGGER'S HARVEST!—James Millss Esq., who has just come in from Sonora, inform us that the miners about Mokelumne Hill, have already realized $200,000, since the late rains set in. He also states, that the miners from Nevada have lately struck upon very rich earth, in a ridge of land running through Columbia, Tuolumne co., and that 200 acres have been staked off. They are now ploughing the ground, intending to wash it when the canal, which is to run by their claims into Columbia, is completed.—*Sacramento Union*.

ELOPEMENT IN THE MINES.—The "upper-tendom" of Auburn was thrown into a state of considerable excitement a day or two since, by the abrupt departure of one of the fairest and most attractive damsels of that town with the partner of her choice. The parents of the young lady were greatly opposed to the match, but the gallant Lothario, in no wise daunted, spirited his youthful love away, and the twain were made one by a neighboring parson. The happy pair continued their flight until they reached a hotel on the road, where the groom gave an elegant repast to the escorting party. We hear the honeymoon will be passed in San Francisco.—*Union*.

OIL MILL.—We understand that preparations are being made by Mr. Strong, of Ceresco, to erect and put in operation, next summer, an oil mill at that place. Mr. Joseph Stow, of this place, is making the stones for crushing the seed. The rock from which he manufactures them, is found some four miles south west of this place, and is said to be of a quality well adapted to this use.

The runners are made of hard sand stone, and the bed stone is of gneiss—and was found at the same place. These stones will weigh, when finished, some 3500 pounds.—*Fond du Lac Journal*.

BEAUTIFUL SPECIMENS OF AURIFEROUS QUARTZ—General Hutchinson showed us yesterday one of the finest specimens of quartz gold we ever saw. It contained every variety of form which we see in gold as it is found in wet and dry diggings and imbeded in rock. The value of the specimen is $125. It was taken from Mad Canon, on the Middle Fork of the American River.—*Sacramento Union, Dec. 24th.*

RUSH FOR CALIFORNIA.—Mr R. F. MASON, Agent for Whitney's California Steamers, informs us that the emigration to California is greater than any previous year. On the 17th of January, he secured the last five berths for the steamer of February 9th. On the 23d of Jan ary, today he sold the last ticket for the stemu of February24th, and at the same time the berooks for the Empire state for the 9th of March were opened.—*Cleveland Hearld*.

DEAR FUEL.—This morning a sleigh load of coal from Tallmadge was sold to Carrett & Briggs for 25 cents a bushel. That's putting a quarter in the fire every time you empty the hod.—*Cleveland Herald*, Jan. 22nd.

HOOFLAND'S GERMAN BITTERS.—We would call the attention of our readers to the advertisement of Dr. Hoofland's celebrated German Bitters, prepared by Dr. C. M. Jackson, No. 120 Arch street, Philadelphia. In cases of Liver complaint, Dyspepsia, Disease of the Kidneys, and all diseases arising from a disordered stomach, their power is not excelled, if equalled, by any other preparation, as the cures attest, in many cases, after the most celebrated physicians had failed. We can conscientiously recommend this medicine, as being what it is represented, and urge our readers who are afflicted to procure a bottle, and they will be convinced of the truth we assert. SURVEYOR GENERAL'S OFFICE, DUBUQUE, Iowa, September 19, 1846.
Dr. GEO. B. GREEN, Windsor, Vt.,
Dear Doctor:—I intended before leaving Washington City, last Spring, to say to you in black and white, as I have frequently done, viva voce, how highly I esteemed your "Oxygenated bitters," and that I have no doubt but they will act as a certain, speedy, and agreeable cure of Dyspepsia, in any case, it matters not how obstinate. Your bitter acted as a charm with my friends, Hon. A. C. Dodge. M. L. Martin, H. D. Foster and others, as they did with myself,

☞ IN CONSUMPTIVE SYMPTOMS, Procrastination is the thief of time," in an awful sense, as it shortens existence, and hurries the patient from time to eternity.
Thousands are dying whose lives might be saved by the timely use of WISTAR'S BALSAM OF WILD CHERRY. A few weeks, a few days, may make a fatal difference in the progress of CONSUMPTIVE SYMPTOMS.
The chances of success increase greatly with the earliness of treatment. Although in cases, seemingly desperate, Wistar's Balsam has performed cures that are seemingly miraculous, still it is advisable to take the Balsam on the appearance of the first symptoms.
CONSUMPTION, of all diseases, is the one that should receive early treatment. Every hour of delay may make the case more difficult. In the war between Disease and Nature, the sooner we assist Nature, the more certainly will she win the victory. If we wait until Disease has broken the constitution, our aid may come too late for service.

THE NEW-YORK TRIBUNE,

Daily, Semi-Weekly, and Weekly

THE Year 1852 commences with events of more than usual importance, and it is certain that other events, equally momentous, will mark its entire duration.

The proceedings of Congress, its discussions and action upon the great questions of our Foreign Policy, the Tariff, the extension of our lines of Steamers to the Sandwich Islands, Asia and Africa, the Opening of a Railroad to the Pacific, States and Territories, &c, will be watched with the deepest interest.

The Presidential Election takes place this year. The movements of both the great parties, the Conventions, the nominations, and the canvass, will enlist, to an unusual degree, the attention and the feelings of the country.

The acts and the speeches of the Hungarian Leader and Exile, and the approach and possible outbreak of a mighty convulsion in which all the nations of the European Continent will be involved either on the side of despotism or of Liberty, will be subjects of constant and eager interest.

The movements preliminary to the great convulsion, the intrigues of Russian diplomacy, the spasms of Austrian Despotism, French Revolutions, the outrages of the Austrian ruler, [illegible] the Ocean, Mexican Insurrections, California Gold Discoveries, South American Civil Wars, will add to the general sum of important events which will distinguish the year 1852.

All who desire to be promptly, thoroughly and reliably informed on these matters will find their wishes met in THE NEW YORK TRIBUNE. Its arrangements for procuring early and accurate information are not surpassed either in extent or perfection by those of any journal in the world, and its readers may be assured that no expense or exertion will be spared to maintain, and even increase its present completeness and utility as a newspaper.

In addition to the above named features, we shall regularly publish the Letters of BAYARD TAYLOR, one of the Editors of The Tribune, who is now exploring the unknown and mysterious regions of Central Africa, and before his return will visit the famous Oriental cities of Damascus and Bagdad and examine the ruins of ancient Nineveh.

☞ Postmasters taking charge of and remitting us the money for a club of twenty will be entitled to a copy of the Weekly gratis.

THE GREAT BRITISH QUARTERLIES,

AND

BLACKWOOD'S MAGAZINE.

Important Reduction in the rates of Postage!

LEONARD SCOTT & CO., No 54 Gold st, New York, continue to publish the following British Periodicals, viz:

THE LONDON QUARTERLY REVIEW, (Conservative.)
THE EDINBURGH REVIEW, (Whig.)
THE NORTH BRITISH REVIEW, (Free Church.)
THE WESTMINSTER REVIEW, (Liberal.)
AND
BLACKWOOD'S EDINBURGH MAGAZINE (Tory.)

These Reprints have now been in successful operation in this country for TWENTY YEARS, and their circulation is constantly on the increase, notwithstanding the competition they encounter from American periodicals of a similar class and from numerous Eclectics and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public and affords a guarantee that they are established on a firm basis and will be continued without interruption.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their *literary* character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of Christopher North, maintains its celebrity, and is at this time unusually attractive from the serial works of Bulwer and other literary notables, written for that magazine and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons," and "My New Novel" (both by Bulwer), "My Peninsular Medal," "The Green Hand," and other serials, of which numerous editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood after it has been issued by Messrs. Scott & Co., so that subscribers to the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.

TERMS.

For any one of the four Reviews	$3 00 per annum
For any two of the four Reviews	5 00 "
For any three of the four Reviews	7 00 "
For all four of the Reviews	8 00
For Blackwood's Magazine	3 00
For Blackwood and three Reviews	9 00
For Blackwood and the four Reviews	10 00

Payments to be made in all cases in advance. Money current in the State where issued will be received at par.

CLUBBING.

A discount of 25 per cent from the above prices will be allowed to Clubs ordering four or more copies of any one or more of the above works. Thus, Four copies of Blackwood or of one Review will be sent to one address for $9; four copies of the four Reviews and Blackwood for $30; and so on.

REDUCED POSTAGE.

The postage on these Periodicals has, by the late law, been reduced, on the average, about FORTY PER CENT. The following are the present rates, viz:

FOR BLACKWOOD'S MAGAZINE.

Any distance not exceeding 500 miles,	9 cents	per quar
Over 500 and not exceeding 1500	18	"
Over 1500 and not exceeding 2500	24	

FOR A REVIEW.

Any distance not exceeding 500 miles	4 cents	per quar
Over 500 and not exceeding 1500	8	"
Over 1500 and not exceeding 2500	16	"

At these rates no objection should be made, as heretofore, to receiving the works by mail, and thus insuring their speedy, safe and regular delivery.

☞ Remittances and communications should be always addressed, post paid, to the Publishers.

PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J S HOUGHTON, M D, in the Clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S

GREAT DYSPEPSIA CURER!

PEPSIN

THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J S Houghton, M D, Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water, will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analagous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach."

Dr Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr Pereira.

Dr Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia," and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice obtained from the stomachs of living animals, which proved completely successful."

Dr Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr Beaumont, on the Gastric Juice obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr John W Draper, Professor of Chemistry, in the Medical College of the University of New York, in his Text Book of Chemistry, page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr Carpenter's standard work on Physiology, which is in the library of every Physician and is used as a Text Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for diseases of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica and Dietetics, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice perfectly resembling the natural fluid may be readily prepared, is no longer a matter of question. The only wonder is that it has not before been applied to the cure of indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than Two Hundred Remarkable Cures in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury and other drugs upon the Digestive Organs, after a long sickness. Also for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant Relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians may be obtained of Dr Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price, One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J S HOUGHTON, M D, sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

WISTAR'S

BALSAM OF WILD CHERRY,

THE BEST REMEDY EVER KNOWN

To MAN, for Coughs, Asthma, Colds, Croup, Bronchitis, Influenza, Bleeding of the Lungs, Difficulty of Breathing, Liver Affection, Pain or Weakness of the Breast or Side, First Stages of Consumption, &c.

In short, this Balsam is peculiarly adapted to every disease of the Lungs and Liver, which is produced in our ever varying climate.

WILD CHERRY has long been known to possess important medicinal properties. This fact is familiar to every mother in our land, and physicians often prescribe it in its different forms for a variety of complaints. Tar, also, has been equally noted for its virtues, and some physicians who [illegible] are familiar to the whole country, have gone so far as to declare that even CONSUMPTION could be cured by that alone. In other hands, again, it was nearly valueless, owing, no doubt, to their ignorance in preparing and administering it—difficulties now entirely obviated by patient experiment and long experience.

The extraordinary medicinal powers of these two substances are now, for the first time, combined and embodied in DR WISTAR'S BALSAM OF WILD CHERRY. Free from chemical preparation, everything deleterious or useless is rejected, so that what remains is the most extraordinary remedy ever discovered for all kinds of pulmonary and liver diseases yet known to man. To convince all unbelievers that our theory is really true, we refer to a few cases of cures performed by this wonderful medicine.

PLEASANT RIDGE, Hamilton Co, O.,

September 27, 1850

J D Park—Dear Sir:—I take the liberty of advising you of the benefit I have derived from the use of Dr Wistar's Balsam of Wild Cherry. I was prostrated by that terrible scourge Consumption, in May last. The attack was truly alarming to me, as five of our family, (brothers and sisters,) had died of Consumption. I was afflicted with nearly all the worst features of the disease. I had a distressing cough and expectorated a great deal of blood, hectic fever, severe pains in the side and chest, cold chills, alternating with flushes of heat and copious night sweats.

I was under the care of a skillful physician from the time I was taken ill until about six weeks since, being then found hopeless, as my friends considered my case hopeless, [illegible] I concluded to try the Balsam, and I used the use of Wistar's Balsam of Wild Cherry. Without my knowledge my father procured it, and I commenced administering it to me, and from the first day I commenced taking it, my health improved, and in two weeks from the time I commenced using it, I was able to be out and oversee my business and labor, which I still continue to do. I have taken four bottles of the medicine, and I now consider myself perfectly well.

JEREMIAH ISCRIGG

Another astonishing Cure!

[illegible] a highly respectable merchant of Rushville, Fairfield County, Ohio, sends the following voluntary tribute to

DR WISTAR'S BALSAM OF WILD CHERRY.

Rushville, Fairfield Co, O, April 6, 1851

Mr J D Park—Dear Sir:—I wish to state to you that my daughter Amanda, aged sixteen years, had, about a year since a very severe attack of measles, which reduced her very much, and left her with a racking cough. I employed all of the physicians within our reach for the purpose of removing her cough, but without success. She appeared to be sinking into a decline, with every symptom of consumption.

I then tried Dr Rogers' Liverwort and Tar. But this aggravated her cough, and gave her symptoms of a still more malignant character. I was at most seriously alarmed, [illegible] was with trembling fear that I from day to day saw the progress of that insatiable disease, consumption. I really despaired of my daughter's recovery. But I providentially saw the certificate of Jonathan Gulson, whose daughter, Sarah Jane, was cured of consumption by Wistar's Balsam of Wild Cherry. I then, with a faint hope that it might help my daughter, and I immediately commenced using it, and it almost instantly gave relief, her health was improved from the first bottle, and by the use of two bottles of "Wistar's Balsam of Wild Cherry," she was restored to perfect health, and she is not at all predisposed to a cough.

I will say to all that are afflicted with any disease tending to consumption, *do not despair*, for Dr Wistar's Balsam of Wild Cherry will cure you, if you will but try it.

The genuine Wistar's Balsam of Wild Cherry has a fac simile of the signature of Henry Wistar, M D, Philadelphia, and "Sanford & Park" on a finely executed steel engraved wrapper. No other can be genuine.

The PREMIUM is different in its construction from any other, and in the arrangement of the fire back—also considered to be a great improvement

The JUNO PARLOR is adapted to either wood or coal, being decidedly the best arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamented, highly polished and perfect in every respect—heat is from above and below the grate being opened or closed at pleasure, and so arranged that when open they are entirely out of sight. It is equally adapted to [illegible] as well as parlors

Milwaukee, July 1 1851

Troy Fire Insurance Company,

TROY, WALWORTH COUNTY, WIS

CAPITAL $100,000.

The Directors feel grateful to the public for having thus early manifested their approval of and confidence in this Company. After having been in operation ten months, we are able to report as follows

Whole number of Policies issued	960
Whole amount of Property insured	$625,651 00
Whole amount of Cash premium,	5211 37
Whole amount of losses allowed and paid,	371 27
Balance of Cash Premium on hand,	4840 10

IT is gratifying to the Directors to state to the members of this Company that the Business has more than met their expectations and is rapidly increasing. This unparalleled success in the commencement, and increase of business shows that our plan and management meets with the approval of the public

The Charter and Bye Laws are free from objections, and provide that the risks shall be divided into two distinct departments, and the premium notes in one shall not be liable for losses in the other. The only risks taken in the Farmers Department are on farm property, detached dwellings, country churches, school houses, tailors, shoemakers, and saddlers shops. No hazardous risks will be taken in either department, nor more than $2000 in one risk, or in any one [illegible] rods

The company possesses both the advantages of the Stock and Mutual plan. Any person insuring may pay once and one half the regular cash premium in full, without a premium note. Stoves may be added or changed, out buildings erected, if fifty feet from anything, and such additions or repairs made as do not increase the hazard, without notifying the company. The Company will be responsible for the correctness of surveys taken by their Agents. Insurance may take effect on the day the application is made. The Company pays in case of fire the full amount of damage not exceeding the amount insured, and all matters of difference may be settled by arbitration in the county where the loss occurs

The rates charged by this company though low, are based upon the actual results of insuring for the past twenty years and are found to be sufficient, with prudent management to pay all losses and expenses without [illegible] to the premium notes, thus the rates on exposed dwellings and farm property are a premium note of one per cent, and a cash premium of fifty cents on each $100 for five years

In publishing our safe, cheap, and popular plan of Insurance we deem it a duty to ourselves and the public to state a few existing facts with the Washington and Montgomery.

The Washington County Mutual commenced in 1836, by collecting thirty cents on $100, in 1848 they first discovered it was insufficient to pay losses and raised to 33 cents, and are now collecting [illegible] cents on each $100, the result of which is their report Jan 1 1850, $9000 in the [illegible] and 165 million at risk on which they will probably lose two hundred thousand, making their actual debt [illegible]

The Montgomery County Mutual is another example of bad management. They have been in operation a little longer than the Washington and their report shows what the Washington is fast coming to. They report to the Comptroller Jan 1 1850 that their losses and cash expenses have exceeded their cash receipts [illegible] thousand dollars, [illegible] taking debts and claims for four thousand dollars, and some thirty millions at risk, on which they will probably lose [illegible] thousand dollars, making their actual debt [illegible] hundred and thirty [illegible] dollars.

The cash premiums received in these two companies [illegible] to losses on [illegible], the consequence is that those who insure now not only pay for their insurance, but assume a portion of the [illegible] debts which must be raised by tax. These companies are unpopular in New York and are compelled to wander in the Valley of the Mississippi where they are not so well known for business. [illegible] Bishop and [illegible] before [illegible] that no tax will ever be necessary but the figures are the [illegible] opposite from

Since the above reports the Montgomery have raised a tax on their premium notes

Now we would ask the public candidly which of these three companies it is to their interest to insure in—the Washington assumes a debt of $[illegible], the Montgomery has a debt of $131000, or of the Troy with an increasing cash fund sufficient to pay all losses and expenses without ever resorting to a tax

STATE FAIR.

CRANE'S PATENT SOAP took the First Premium at the State Fair at Janesville, also at the State Fair of the State of New York and at the Great Fair of the American Institute. Our reason for it is because it is the BEST SOAP IN USE. If any are still sceptical, let them read the following—the names to which might be indefinitely extended—and then try it for themselves, and if it don't succeed they don't follow the directions.—

We have used CRANE'S PATENT SOAP in our families for the past eighteen months, and pronounce it fully equal to its recommendations. We do not discover that it injures cloth in the least. It is the cheapest soap in use. We should not willingly do without it

PATENT MEDICINES,

Dr. Trasks Magnetic Ointment,

CAN now be obtained in this city of S JOHNSON, Jr, and H Bosworth & Sons and of one or more Druggists or Merchants in most of the cities or villages of the West. The great and increasing popularity of this remedy is mainly attributable to its controlling power over acute inflammation and nervous irritation. From the best of evidence in our possession, from Physicians, of the best standing, who have prescribed it, and from others who have been relieved by it, we are satisfied that it will cure in some cases where no other known remedy will do it. This it has appeared to do in numerous cases of Chronic Sore Eyes and partial blindness where the most eminent medical treatment had failed. For inflammatory Rheumatism, Burns, Freezes, Ulcerated sores, Scald head, or for relief from a sudden stoppage of the pores of the skin by colds or fevers, a thorough trial will establish its claims to the confidence of the public. Our agents are supplied with circulars containing interesting details of its happy effects in many extreme cases

The attention of Physicians is respectfully called to a rigid scrutiny of the merits of this article

[From the Boston Bee]

The Editor said Dec 22 Dr Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use"

SCOTT'S WEEKLY

One of the best literary papers published, said, August 25, "DR HOOFLAND'S GERMAN BITTERS manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems"

The Daily SUN says — It is one of the best medicines of the age for Jaundice and Liver Complaint

Neal's Gazette says — Dr Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser

The Evening Bulletin says — The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints

The Daily News July 21 says — "A Medicine—We speak knowingly of Dr Hoofland's celebrated German Bitters, when we say it is a blessing of this age and in diseases of the biliary, digestive and nervous systems, it has no, we think, an equal. It is a vegetable preparation, and made without alcohol and to all invalids we should recommend it as worthy of their confidence"

The Dispatch says—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time

HAIR INVIGORATOR,

To Prevent Baldness, and to Restore the Hair that has fallen off or become thin, and to cure effectually

SCURF OR DANDRUFF

Prepared only by S JOHNSON, 151 E Water-st.

FOR THE TOILET,

THE INVIGORATOR is considered infinitely better than oil or grease for the hair, and is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture for the hair, never before attained, yet free from animal grease or essential oils. It clears the pores of the skin, causes a healthy action of the blood vessels, nerves, &c, which free the hair, thereby preventing baldness and gray hair, entirely frees the skin from scurf, dandruff and other cutaneous diseases, disposes the hair to curl, and keeps it so, will positively change the harshest hair into the most soft, healthy, glossy state, also imparts to it a darker color, and the free use of it will keep both the skin and hair in a healthy and luxuriant state until the latest period of life

Ladies will find the Invigorator a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation for a good head of hair Nov 24 2m

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away, as the Hats are made to fit perfectly the first time

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head, and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $125; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.
